

Tiny Steps into a New Journey

The new academic year commenced with great excitement and enthusiasm for the students of Savio Kindergarten. The school reopened for the Senior KG students on 8th June 2026, followed by a warm and joyful welcome for the Junior KG students on 9th June 2026.

The first day of school was marked by happiness and cheerful anticipation as the children arrived with their parents. A special mascot greeted the students, creating a lively and welcoming atmosphere within the school premises. The teachers warmly introduced themselves to the parents and shared important guidelines and instructions to ensure a smooth and disciplined start to the academic year.

By 10th June 2026, the children confidently entered the school independently. The day was filled with engaging activities, music, dance, and playtime, making learning enjoyable and fun. Although a few children felt emotional and missed their parents, the teachers lovingly reassured and comforted them, helping them settle in with ease.

It was indeed a wonderful and memorable beginning to the new academic year, filled with smiles, laughter, and excitement, laying the foundation for a joyful and enriching journey ahead for both the children and their teachers.
